

ZT-100

Countertop Table Case

This extremely simple and sleek table case is specifically designed to be installed on existing furniture and countertops. It can be secured to any material without damaging your surfaces.

Its economical design will surely satisfy museum institutions and archive centers and may attract corporate offices and homeowners with valuable collections.

The countertop table case, just like all other cases, is a fully climate-controlled unit that is supplied with a desiccant compartment under the display surface. It can be provided with a lighting system or even an active microclimate device, wired through the base.
