

ZT-101

## Table Case on Legs with Hinged Opening

A simple table top case with a contemporary design that offers all essential elements typically sought after by conservators, curators and archivists.

This economical, light and uncluttered 4-legged table top model incorporates a fully climate-controlled exhibit chamber and easy opening with concealed gas struts and hinges. Built on a powder-coated aluminum base, its lightness does not compromise in any way its solidity.
